~ Hydrant Marker Mounting Options ~

We offer the widest selection of mounts and spring options for ANY mounting situation... *check out the options!*
Since we fabricate our markers here, if you need a mount for a custom application or material – we can do that also!

At only one inch wide, the **Hy-Viz bolted** mount will fit into any space!

Our Bolt Mounts

Our bolt mounts are typically 3 1/4" x 1" x 3/16" corrosion resistant plated steel. The mounting hole can accommodate a 5/8" bolt.

Options available:

- ~ Stainless Steel or Aluminum for harsh conditions
 - ~ "L" Bracket or 45 degree bent bracket
 - ~ Hole diameter and positions
 - ~ Band clamp mount (for bollards etc.)
 - ~ Custom length, width and even thickness
- Just let us know the size of the mount you need, we will design and make them here!

ANY bolt mount design is also available for our 100% Stainless and Value Hydrant Markers, we TIG weld them into place for a lifetime bond!

Our STAINLESS Steel Ring Mounts

Hand-bent from Aircraft Quality 304 Stainless Steel!

All of our ring mounts are fabricated here, designed so the marker easily threads onto it, with no joints or hardware needed! All come with a polyurethane bushing to help hold the cap tight.

ALL ring mount designs are also available for our 100% Stainless and Value Hydrant Markers!

Options available:

- ~ Side Port or Steamer diameters available
- ~ Flat or Offset styles available - The offset design moves the marker away from overhanging bonnets and obstructions
- ~ Extra long vertical sections - extra height over vegetation etc.

100% Stainless Steel Ring Mounts

Hand bent flat OR offset styles... for both side AND steamer ports!

Our offset design (above) moves marker away from large bonnets

They are also FULLY adjustable to fill any gap!

You can offset the opening to form a "lock washer" effect, locking your Hy-Viz marker in place! ...**tightly!** We can also supply spacers for stubborn caps!

All bolt and ring mounts are **DESIGNED** here!
Just let us know the mount you need
~ we will design and make them!

Value marker with Band clamp "L" Bracket
